EXPERIENCE

UI/UX Design | Web Design   May 2020 - Present
Freelance Work
- Collaborated with clients to define project goals and deliver user-centered web design solutions.
- Designed and developed responsive websites with a focus on functionality, aesthetics, and ease of use.
- Optimized client websites for mobile responsiveness and cross-browser compatibility.
- Integrated branding elements into web designs to maintain visual consistency with clients' identities.
- Managed multiple freelance projects simultaneously, consistently meeting deadlines and client expectations.

Lead 3D Architectural Visualiser   Nov 2017 - Present
3Designedly
- Managed client relationships, understanding their specific visualisation needs and delivering customised, high-quality renderings.
- Demonstrated a strong work ethic, attention to detail, and creative problem-solving skills to meet and exceed client expectations.

Creative Director   May 2017 - Oct 2017
Studio 8 School of Art & Design
- Oversaw the creative direction and execution of artistic projects, ensuring alignment with the school's vision and objectives.
- Developed and implemented art education programs, enhancing students' skills and nurturing their creativity.

3D Architectural Visualiser   Apr 2016 - May 2017
Deloudis
- Developed detailed floor plans and layout designs, helping clients visualize how furniture would fit into their spaces.
- Actively participated in store merchandising, creating visually appealing displays to attract customers and drive sales.

Interior Designer   June 2013 - Apr 2016
Sofiti Property Management
- Transformed design concepts into highly detailed and realistic 3D visualizations, aiding clients in visualising interior spaces.
- Utilized advanced software including Cinema 4D and Corona Renderer to create immersive and accurate visual representations of architectural designs.
